EMERGENCY RESPONSE

- If blood sugar is above _____, then **CALL 911** and notify parent/guardian.
- Additional Instructions:

Follow Up

This Diabetes Medical Action Plan must be updated/revised whenever medications or child/youth's health status changes. If there are no changes, the Diabetes Medical Action Plan must be updated at least every 12 months.

Name _____

DIABETES MEDICAL ACTION PLAN ADDITIONAL CONSIDERATIONS

(to be completed by Health Care Provider)

Field Trip Procedures (CYS staff/providers are NOT authorized to give injections, but will monitor those children who self administer)

- Oral rescue medications should accompany child during any off-site activities.
- The child/youth should remain with staff or parent/guardian during the entire field trip: Yes No
- Staff/providers on trip must be trained regarding rescue medication use and this health care plan.
- This plan must accompany the child on the field trip.
- Other: (specify) _____

Self Medication for School Age Youth

- YES** Youth can self medicate. I have instructed _____ in the proper way to use His/her medication. It is my professional opinion that he/she **SHOULD** be allowed to carry and self administer his/her medication. Youth have been instructed not to share medications and should youth violate these restrictions, the privilege of self medicating will be revoked and the youth's parents notified. Youth are required to notify staff when carrying medication.
- NO** It is my professional opinion that _____ **SHOULD NOT** carry or self administer his/her medication.

Bus Transportation should be Alerted to Child/Youth's Condition.

- This child/youth carries rescue medications on the bus. Yes No
- Rescue medications can be found in: Backpack Waist pack On Person Other: _____
- Child/youth will sit at the front of the bus. Yes No
- Other: _____

Sports Events/Instructional Programs

Parents are responsible for having rescue medication on hand and administering it when necessary when the child/youth is participating in any CYS sports/instructional activity. Volunteer coaches/instructors do not administer medications.

Parental Permission/Consent

Parent's signature gives permission for child/youth personnel who have been trained in medication administration by the APHN to administer prescribed medicine and to contact emergency medical services if necessary. I also understand my child/youth must have required medication with him/her at all times when in attendance at CYS programs. Parent must be readily available via telephone in the event of a diabetic emergency.

Youth Statement of Understanding

I have been instructed on the proper way to use my medication. I understand that I may not share medications and should I violate these restrictions, my privileges may be restricted or revoked, my parents will be notified and further disciplinary action may be taken. I am also required to notify staff when carrying or taking my medication.

I agree with the plan outlined above.
